Website: sc-aggies.us

March 7, 2017

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2015-16 educational progress for Sand Creek Community Schools. The AER addresses the complex reporting information required by the federal and state government. Our staff is available to help you understand this information. Please contact our school district for help if you need assistance understanding this report.

The DISTRICT AER is available for you to review electronically by visiting the following web site, www.sc-aggies.us or you may review a hard copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

Student Assessment Data – Includes the following three assessments: M-STEP (Michigan Student Test of Educational Progress), MI-Access (Alternate Assessment), and College Board SAT. Presents assessment information for English language arts and mathematics for grades 3 to 8 and 11, and science for grades 4, 7, and 11, compared to state averages for all students as well as subgroups of students. The report helps users to understand achievement performance within grades and schools, and to make comparisons to district, state, and national achievement benchmarks.

Accountability Scorecard – Detail Data and Status

The accountability portion of the AER includes assessment proficiency and participation rates, graduation or attendance rates, as well as accountability scorecard status.

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

For the 2016-17 year, no new Priority or Focus schools were named; some Priority or Focus schools did exit their status because they met the exit criteria. New Reward schools were identified using school rankings and Beating the Odds information. A Focus school is one that has a large achievement gap between the highest and lowest achieving 30% of schools. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. A Reward school is one that has achieved one or more of the following distinctions: top 5% of schools on the Top-to-Bottom School Rankings, top 5% of schools making the greatest gains in achievement (improvement metric), or "Beating the Odds" by outperforming the school's predicted ranking and/or similar schools. Sand Creek's K-5 and 6-12 buildings were not identified with any of these labels. As a result, no status labels were given to either school in our school district.

I would like to take this to congratulate Sand Creek Community Schools on a 2015-16 job well done. While there's always room for improvement, overall our school district achievement is at or slightly above state averages in most categories. Based on our recent achievement scores, Sand Creek Community Schools will be focusing on improving our K-5 Science programming as well as our 6-12 math achievement. Sand Creek Community Schools encourages its parents to stay informed and to get involved with our school district by all means possible. One of many points of pride at Sand Creek Community Schools is community involvement. Without parental participation in our school district, things would not likely look as positive as they do today.

Sincerely,

Steven J. Laundra
