

Pesticide Application 2018-2019

The Board of Education of the Sand Creek Community Schools recognizes the importance of maintaining the educational and aesthetic environment of all school facilities through a complete maintenance program that may require the use of a pesticide. It is the intent of this policy that the health and safety of all people who use the school facilities be protected. At times this maintenance program may require the use of a pesticide. Therefore, the Board of Education has directed the Superintendent of Schools to prepare guidelines and procedures that must be in compliance with Michigan Regulation 636- Pesticide Applicators: and Regulation 637—Pesticide Use. If you have any questions about this policy, please feel free to contact Steve Laundra, Superintendent at 436-3108, or Glen McMunn, Pesticide Coordinator at 436-3124. P.A. 131—Public Acts of 1993 Pesticide Control Act / Pesticide Applications P.A. 131-93 requires school administrators to notify parents/guardians of children attending Sand Creek Community Schools of their right to be informed prior to application of pesticides at the school. The notice shall contain information obtained from the person applying the pesticides which includes a statement that a pesticide will be applied, approximate location of the application and the date of the application.

The following dates are when monitoring is done and a pesticide treatment may be necessary to be applied. Frame’s Pest Control conducts indoor treatments. Our maintenance staff conducts outdoor treatments.

The green house is sprayed on an as needed basis, which is not often. Bee or hornet nests may also be treated on an as needed basis. Indoor treatments are normal for ant, fly or mouse control in the kitchen, locker room or storage areas.

Outdoor treatments are for grass, broad leaf and weed control along fence lines, under bleachers, baseball and softball infields. Treatments may also be made on yards for broad leaf weed control.

If you wish to be notified by mail three (3) days prior to an application, contact Glen McMunn at 436-3124.

2018-2019 Indoor Treatments

September 20, 21
October 18, 19
November 15, 16
December 20, 21
January 17, 18
February 21, 22
March 21, 22
April 18, 19
May 16, 17
June 20, 21
July 18, 19
August 15, 16

2018-19 Outdoor Treatments

September 6, 7, 20, 21
October 4, 5, 11, 12, 18, 19
April 8, 9, 18, 19, 25, 26
May 2, 3, 16, 17
June 6, 7, 13, 14, 20, 21
July 10, 11, 25, 26
